Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	WhatsApp / Google Meet	Project Team Members	To discuss tasks, progress, and priorities.
2	Progress Update	Weekly	WhatsApp / Google Meet	Project Team Members	To share completed work, pending tasks, and upcoming activities.
3	Issue / Bug Discussion	As Needed	WhatsApp / Google Meet	Team Members Working on the Issue	To discuss Tableau errors, data relationships, filter issues, and visualization problems.
4	Stakeholder Review	Bi-Weekly	Google Meet / In-Person Discussion	Project Team and Faculty Guide	To review project progress and receive feedback.
5	Final Demo Rehearsal	Before Final Demo	Tableau / Google Meet	Project Team Members	To verify dashboards, filters, Story points, and presentation flow.
6	Documentation Update	As Needed	Microsoft Word / WhatsApp	Project Team Members	To coordinate report writing, screenshots, and submission requirements.

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Establishing relationships between multiple CSV datasets in Tableau.	Reviewed dataset fields and configured the required relationships to support combined analysis.
2	Ensuring dashboard filters worked correctly across relevant visualizations.	Tested Year, Season, and Sport filters and checked the response of the connected visualizations.
3	Organizing screenshots and documentation for the final project submission.	Arranged dashboard screenshots and prepared the project report and supporting documentation.
